

# **GET A SUNPASS!**

Tolls in the express lanes will be collected electronically with an active, properly mounted SunPass<sup>®</sup> or other interoperable transponder (listed on SunPass.com). You cannot pay for tolls in the express lanes using cash or TOLL-BY-PLATE, as you will be considered a violator and subject to additional fees. SunPass customers pay the lowest toll rates available, so purchase one TODAY!

Here's how you can buy and activate a SunPass.

LATE

# FLORIDA EXPRESS LANES SOUTHEAST FLORIDA

Express lanes are optional travel lanes, located on an interstate or toll road, that customers can choose to use when they want to bypass congestion. Customers in the express lanes pay a dynamically priced toll. With dynamic pricing, toll rates increase as the express lanes become more congested. Express lanes provide additional travel lanes and are designed with a limited number of entrance and exit points to serve longer, more regional trips by helping move traffic through congested urban areas.
